

REMARKS

In the Office Action dated March 28, 2005, the Examiner made a restriction requirement between the following species of the invention:

- A Species 1 (Fig. 2)
- B Species 2 (Fig. 3)
- C Species 3 (fig. 5)

In response the Applicant hereby elects the species of Group C (fig. 5).

In addition, applicant has corrected typographical errors in the specification and claims. Further, the elected species reads on claim 2, so claim 2 has been rewritten in independent form.

The attorneys for the applicant submitted a petition to withdraw from representing the applicant in this case. This petition has been granted. However, by a letter dated April 12, 2005, (redacted copy enclosed) the representative of the applicant asked that this amendment be filed. In order that the applicant not lose rights during a transfer to a new firm, this document is being filed.

It is believed that all of the claims (including generic claim 1) are now in condition for allowance, and action to that effect should be taken.

Dated: April 22, 2005

Respectfully submitted,

By
